*Although successfully rehabilitated,  
SMOOCHIE is deaf and can never be returned  
to the wild. Now a healthy adult raccoon, SMOOCHIE has a job  
partnering with his rehabilitator at special events,  
where together they work to educate the  
public about wildlife issues  
and concerns.*

Proceeds benefit the **DFW WILDLIFE COALITION**,  
whose mission is to reduce, through public outreach and education,  
the number of incidents in the Metroplex that result in injured,  
orphaned, or euthanized native wildlife.
